Hello Dr. Sablan

My name is Jovana Ramos and I'm a student in the Ph.D sociology program at UC Merced.

In my statistics course we are currently discussing quantitative data and code. For one of our assignments we were asked to search for articles of our interest and asked the authors for their code.

I found your article "Can You Really Measure That? Combining Critical Race Theory and Quantitative Methods" very interesting and was wondering if you would share the replication code and the data used to write this article.

I look forward to hearing from you.

Jovana
