Dear Jovana:

Thank you for your email. This sounds like an engaging assignment. Unfortunately, we do not retain the data since this complete is now complete. Best of luck to you in your program.

Sincerely,

Mike

Hello Dr. Stebleton,

My name is Jovana Ramos and I'm a student in the Ph.D sociology program at UC Merced.

In my statistics course we are currently discussing quantitative data and code. For one of our assignments we were asked to search for articles of our interest and asked the authors for their code.

I found your article "Student-Faculty and Peer Interactions among Immigrant College Students in the United States" very interesting and was wondering if you would share the replication code and the data (if possible) used to write this article.

I look forward to hearing from you.

Jovana
